RE: Non-Admitted Insurer Reporting for Premium Reconciliation

The Kansas Department of Insurance requests certain information regarding the non-admitted insurance that was written in Kansas for the year 2026 and forward. This data is being requested to assist in reconciling premium written by non-admitted insurance companies with the premiums reported by Kansas surplus lines licensees and independently procured coverage insureds.

As of the date of this notice, non-admitted insurers writing business in Kansas will use SLIP+ for States to submit policy data on a quarterly (foreign) or annual (alien) basis. Insurers can register for a SLIP+ account on the [SLIP+ for States](#) login page.

Insurers have the following options for data submissions via SLIP+: (1) manual data entry in SLIP+ for States (2) XML batch upload, (3) CSV batch upload, or (4) API webservice. Insurers reporting a relatively small number of policies are ideal candidates for the manual data entry in SLIP+, while insurers reporting numerous policies may prefer to submit data in one of the batch formats. XML and CSV batch filing documentation is available in SLIP+, or you may contact batchfiling@slipplus.com to request more information on the batch filing process.

When reporting non-admitted policy data in SLIP+ for States, please report the policy information as it appears on the declarations page. The following data is requested for each policy:

- Policy number
- Insured
- Name of the surplus lines agent or direct procurement filer
- Surplus lines agent [National Producer Number](#)
- Premium (100% of the premium for Kansas home state policies)
- Transaction effective date

The Department requests that foreign insurers writing business in Kansas report all business effective between January 1, 2026 – June 30, 2026 (1Q2026 & 2Q2026) on or before **September 30, 2026**.

Following the initial reporting due date of **September 30, 2026**, the Department requests foreign insurers to report on a quarterly basis, and alien insurers to report on an annual basis using the following filing schedule:

Foreign Insurers - Quarterly Filings		
Reporting Period	Transactions Effective	Reporting Due Date
1 st Quarter	January 1 – March 31	June 30
2 nd Quarter	April – June 30	September 30
3 rd Quarter	July 1 – September 30	December 31
4 th Quarter	October 1 – December 31	March 31 of the following year
Alien Insurers - Annual Filings		
Reporting Period	Transactions Effective	Reporting Due Date
Annual	January 1 – December 31	June 30

To summarize, all foreign insurer transactions effective January 1, 2026 – June 30, 2026 should be reported on or before September 30, 2026. Policies effective July 1, 2026 – September 30, 2026 should be reported on or before December 31, 2026, and policies effective October 1, 2026 – December 31, 2026 should be reported on or before March 31, 2027. Alien insurer transactions effective January 1, 2026 – December 31, 2026, should be reported on or before June 30, 2027.
